

Anti-Lactyl-Histone H4 (Lys5) Rabbit Monoclonal Antibody (P62805) For Wb, Ihc-P, Elisa

Item Number: CM0000095

Introduction

This rabbit monoclonal antibody specifically recognizes lactylated lysine 5 of human Histone H4 (SWISS P62805). Validated for WB, IHC-P, and ELISA, it is an essential tool for epigenetic and chromatin research.
